MANIPULATED
POLITICS**

S.T.A.M.P.

Global Powers Are Stacking the Deck

While our media is saturated with disinformation and social media is filled with propaganda that has been artificially boosted by manipulated algorithms, our culture is being destroyed from the inside out and our democracy is being eroded not only through narrative manipulation but through clandestine attempts to undermine the sovereignty of our democratic process.

This is just the tip of the iceberg, and while we are currently defenseless I am starting a citizens intelligence initiative to start to hit back at the powers that think they can manipulate our politics without pushback from the citizenry.

S.T.A.M.P. IS MORE THAN A CLUB,

**IT IS A WAY OF FIGHTING NARRATIVE
MANIPULATION AND CREATING A
FOOTHOLD FROM WHICH WE CAN TAKE
BACK OUR DEMOCRACY AND
TRANSFORM OUR COUNTRY INTO**

**A FEDERATION OF AUTONOMOUS
NATIONS,**

**EACH FREE TO DIRECT THEMSELVES AS
THEY SEE FIT AND WITHIN A ROBUST
DEFENSE FRAMEWORK AGAINST
CLANDESTINE MANIPULATION FROM
EXTERNAL FORCES.**

China and India Buying Both Sides

While the Chinese United Front Work Department operates through consulates, and civilian intelligence agencies with a general pattern of defeating conservatives and maintaining their preferred liberal government, India has been supporting who they see as pro Indian conservative members of parliament through proxy agents providing illegal financial support to the Poillievre conservatives, while harassing their competitors out of office.

While most of this is done under the nose of those they are supporting, CSIS and the RCMP have found multiple cases of clandestine activities to undermine and shape Canadian democracy from within.

Gladstone,**

**author of the book
Creating Ethics,**

**and it is time to play the
game.**

It is each of our duties to protect our
rights.

It is each of our duties to protect our
sovereignty.

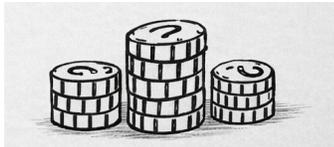

It is each of our duties to protect our
children's futures.

I have developed a method for a new kind
of activism.

All we need to do is organize, and we
can take the future back.

This is S.T.A.M.P.

Peter Thiel Bought the USA, and is Coming for Canada

A disciple of Leo Strauss's non-constitutional strategies of deception, Peter Thiel of Palantir Technologies (Surveillance), Anduril Industries (Defense Tech) and PayPal has a network that is the government of the USA at this point.

From Trump, to JD Vance and David Sacks, he has filled government with co-conspirators and changed the direction of the world order towards an endless game of pretend politics while gutting the USA's regulatory bodies to make way for his techno utopian surveillance state.

The fallout of this on global media has been immense, with Facebook, X and TikTok becoming tools for information warfare.

CONSIDER THE IMPLICATIONS

SOCIAL MEDIA IS THE MEDIA NOW, AND IT IS BEING USED TO TUNE PUBLIC OPINION TO FAVOR THIEL'S AGENDA.

DEPENDING ON ONLINE ACTIVISM ISN'T GOING TO WORK BECAUSE THE ALGORITHM IS TRAINED FOR THIEL'S NON-CONSTITUTIONAL DECEPTION.

WHILE OPINIONS ARE BEING WARPED BY SOCIAL MEDIA, PRESSURE CAMPAIGNS FROM ABROAD HAVE SHAPED OUR ELECTORAL MAP.

Charity, Activism and Ground Up Reformation

In the face of such adversity, what can we do as individuals? We still have the power to change the narrative, but we have to use real world means of changing it: through content creation, activism and using our money as a means of achieving a political end.

I'm not saying be selective in our purchases, I'm saying using everything we have left to invest in media start ups, small businesses that can fuel a deluge of activist cells and build a new political ideology from scratch.

I've mapped it all out from philosophy to implementation, now all I need is to organize, to get people involved in S.T.A.M.P. and put boots on the ground.

S.T.A.M.P. CELLS ARE SMALL UNITS WHICH COMPRISE THE S.T.A.M.P. CLUB, AND EACH CELL HAS FOUR MAIN BRANCHES THAT OVERSEE OPERATIONS:

CLUBS: INVESTIGATIONS AND SECURITY

HEARTS: ANTHROPOLOGY AND CHARITY

DIAMONDS: PUBLISHING AND ENTERPRISE

SPADES: ADMINISTRATION AND COMMUNICATIONS
